Memo

Organizing Committee

Honored Chairmens:

Corresponding Member of RAMS, Prof. N.A.Yaitsky
Prof. S.Evensen

Co-chairmens:

Prof. E.E.Zvartau
Master of Art J.Ferkis

Members of Organizing Committee:

Prof. Afanasyev B.V.
Prof. Borset M.
Acadimisian of RAEN, Prof. Rumjantsev A.G.
Prof. Sandset P.M.
Corresponding Member of RAMS, Prof. Selivanov E.A.
Prof. Zaritskey A.Y.
Dr. Tangen J.-M.
Dr. Chukhlovin A.B.
Dr. Ganapiev B.A.
Dr. Dubina M.V.
Dr. Mikhaylova N.B.
Dr. Vavilova T.V.
Dr. Pugachev A.A.

Secretaries:

Dr. Vitrischak A.A.
Dr. Bagge D.A.
Dr. Aljansky A.L.

Contact line of Organizing Committee

Russia

Tel. +7 (812) 2384819, 2340676, 2338307
Fax +7 (812) 2340616

Sponsors

We are deeply thankful for generous financial contributions made by the following pharmaceutical companies:

NORWAY

**AstraZeneca,
Pharmacia,
Novartis,
Schering-Plough,
Amgen**

RUSSIA

**J.S.C."BIOTECHNOTRONIC",
AstraZeneca,
Aventis,
Biotest Pharma,
Bristol-Myers Squibb,
Gilead,
MSD,
Novartis,
Pfizer,
Roche,
Schering-Plough,
Gambro-Hospal**

Social programme

Thursday, 4 September

17.00 Bus excursion around Saint-Petersburg.

19.30 Dinner-session with Norwegian participants and the members of Organizing Committee

Friday, 5 September

16.00- 17.00 Visit to the Chair of Hematology, Transfusiology and Transplantology and BMT Clinic of SPSMU

19.00 Theatre

Saturday, 6 September

16.00-19.00 Excursion to Petrodvorets.

20.30 Buffet-dinner

Sunday, 7 September

10.00 Hermitage

Saturday, 06.09.03

First session: Pathogenesis and treatment of Multiple Myeloma.

Chairmen: Prof. Borset M., Prof. Waage A., Prof. Lisukov I.A.

- 9.00-9.30** **Borset M.** Life and death of myeloma cells.
9.30-9.45 **Lisukov I.A.** Immunological and molecular aspects of tumor progression in multiple myeloma .
9.45-10.00 **Baikov V.V.** Migration and adgesion of myeloma cells.
10.00-10.30 **Dahl I.** Nordic guidelines for treatment of multiple myeloma.
10.30-10.45 **Darskaya E.I.** Salvage protocols for the treatment patients with multiple myeloma.
10.45-11.15 **Waage A.** Thalidomide treatment of multiple myeloma.
11.15-11.45 **Wisloff F.** Quality of life and cost-value analysis in multiple myeloma .
11.45-11.55 Discussion
11.55 - 12.15 Coffee - break. Pharmaceutical exhibition. Poster session.

Second session . Pathogenesis and treatment of acute leukemia.

Chairmen: Dr. Tangen J.-M., Prof. Savchenko V.G., Prof. Uss A.L.

- 12.15- 12.45** **Wergeland L.** Molecular biology of acute leukemia.
12.45-13.00 **Kuchinskaya E.** Gene expression profiles in children and adults with ALL.
13.00-13.15 **Parovichnikova E.N.** Randomized multicenter studies on the acute leukemia treatment in Russia
13.15-13.35 **Tangen J.-M.** Norwegian patients <60 years with primary AML, treated with a common national programme which comprises repeated courses of high dose Ara-C as consolidation therapy, as well as allo-BMT. A reporyt from the Norwegian Registry of acute leukemias and lymphoblastic lymphomas.
13.35-13.50 **Mikhaylova N.B.** Treatment results of patients under 60 years old with acute leukemia: summarized data from the Hospital Registries of St.-Petersburg, Leningrad region and Republic of Karelia. (Three year experience.)

13.50 – 14. 20 Coffee - break. Pharmaceutical exhibition. Poster session.

14.20 – 15.00 Round Table

Evensen S. – Savchenko V.G. – Zander A. - Afanasyev B.V. – Dahl I. - Brinch L. – Borset M. – Selivanov E.A. - Rumjantsev A.G. - Wisloff F. – Sandset P.M.

15.00 – 16.00 Lunch

Sunday, 07.09.03

Departure of the participants of the Conference

General information

The Conference will be held at the Saint-Petersburg Pavlov State Medical University in the Lecture Hall 1 (the building of Nephrology Institute at SPSMU, L.Tolstoy str., 17, 3rd floor).

Official languages of the conference are Russian and English.

Simultaneous translation will be provided.

Chair of Hematology, Transfusiology and Transplantology and BMT Clinic are located in Roentgen Str., 12, 6th floor.

Registration of the participants of the conference will take place in the Lecture hall 1 (Nephrology Institute, 1st floor, L.Tolstoy str., 17) during the days of conference.

Projection equipment: Multimedia projector and overhead are available. CD-disks are to be handed over secretary prior to the beginning of the session.

Visiting the Chair of Hematology, Transfusiology and Transplantology and BMT Clinic will be held on the days of Conference (for information please, adress Organizing Committee)

The Exhibition of medical equipment and pharmaceutical products is held on the days of Conference in the Hall of Nephrology Institute (L.Tolstoy str., 17, 1st floor)

Lunch

Lunch for participants of the Conference will be organized on September 5 and 6, at the Medical University dining-room.

Transportation to SPSMU will be provided by the Organizing Committee from Konjushennaya sq. at 5th and 6th of September, at 8.30 a.m.

The weather

The average September temperature for St.-Petersburg is +11° C. Transitory rains are possible.

Ladies and gentlemen!
Dear colleagues!
Friends!

It is my privilege to open the new page of cooperation between the Norwegian and Russian specialists in the field of leukemia research. This topic is among the most urgent challenges for the biology and medicine.

The year, when the first Russian-Norwegian Conference in haematology is proceeding, is quite remarkable for Saint-Petersburg. We celebrate the tri-centenary since our great city has been founded, the event that adds more solemnity to our meeting.

Russia and Norway were good neighbours all the time. Such names as Edvard Grieg, Henrik Ibsen, Knut Hamsun, Roald Amundsen, Fridtjof Nansen, Thor Heyerdal are well known and beloved in Russia. I am sure that Russian culture does not let the Norwegians indifferent. The interest for life and creative work of great Russian poet A.S.Pushkin has led Dr. J.-M. Tangen to Saint-Petersburg, thus giving an impulse for our cooperation.

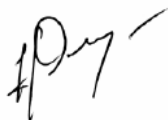

Both Norway and Russia have made sufficient contributions to world hematology. Indeed, one should only remember the name of the Norwegian hematologist P.A.Owren who discovered the blood clotting factor V, or the name of Russian scientist A.A. Maximov, the founder of stem cell theory.

The representatives from all Russian regions, including the most remote areas, are attending this first Russian-Norwegian Conference.

I am quite sure that the cooperation will be developed and strengthened between the hematologists from our both countries.

I wish you successful work and new creative contacts within our Saint-Petersburg State Pavlov Medical University.

Rector, I. Pavlov SPSMU
RAMS Corresponding Member, Professor
N.A.Yaitsky

Thursday, 04.09.03

Arrival and accommodation of participants of the Conference

Friday, 05.09.03

- 9.00-9.10** Wellcome speeches: Prof. Yaitsky N.A., Rector, SPSMU, Corresponding Member of RAMS, Prof. Evensen S., Dean, Medical Faculty of the University of Oslo,
- 9.10-9.40** Master of Art **Ferkis J.** Wellcome speech. Centre of Medical studies: current status and perspectives.
- First Session: The problems of coagulation and fibrinolysis.**
Chairmen: Prof. Afanasyev B.V., Prof. Selivanov E.A., Prof. Wisloff F.
- 9.40-10.40** **Sandset P.M.** New trends in treatment of DVT/pulmonary embolism.
- 10.40-10.50** Discussion
10.50 - 11.10 Coffee-break. Pharmaceutical exhibition. Poster session.
- Second session. Problems in bone marrow transplantation.**
Chairmen: Dr. Brinch L., Prof. Zander A., Dr. Ptushkin V.V.
- 11.10-11.40** **Brinch L.** Allogeneic haematopoietic stem cell transplantation in adult patients at the National University Hospital, Oslo, Norway.
- 11.40-12.00** **Savchenko V.G.** Strategies in bone marrow transplantation.
- 12.00-12.20** **Afanasyev B.V.** Hematopoietic recovery after bone marrow transplantation.
- 12.20-12.40** **Zander A.** Reduced intensity conditioning for multiple myeloma and osteomyelofibrosis.
12.40 - 13.10 Coffee-break. Pharmaceutical exhibition. Poster session.
- 13.10-13.25** **Vavilov V.N.** Lymphocyte recovery after unrelated allogeneic hematopoietic stem cell transplantation
- 13.25-13.40** **Zaraisky M.I.** Cytokine production during immunosuppressive therapy.
- 13.40-13.55** **Uss A.L.** High-dose chemotherapy in breast cancer: Current state and perspectives.
- 13.55-14.10** **Ptushkin V.V.** High-dose chemotherapy with autologous hematopoietic progenitor-cell transplantation in relapse and primarily resistant Hodgkin disease. Retrospective analysis of treatment of 178 patients in Russia, Belarus and Ukraine.
- 14.10-14.25** **Novik A.A.** The concept of cell therapy in autoimmune diseases.
- 14.25-14.40** **Alexandrova I.Y.** High-dose immunosuppressive therapy with peripheral blood stem cell transplantation in patients with multiple sclerosis: three-year experience.
- 14.40-14.50** Discussion

14.50-16.00 Lunch
